

IntelliCorp Named on *HRO Today* Magazine's 2017 Baker's Dozen List of Top Background Screening Providers

BEACHWOOD, Ohio — ([BUSINESS WIRE](#)), December 4, 2017 — Intellicorp Records, Inc., a Verisk (Nasdaq:VRSK) business, has announced that it has been named to *HRO* (Human Resource Outsourcing) *Today* magazine's 2017 Baker's Dozen list of the top 13 background screening providers. This distinction marks the ninth year National Association of Professional Background Screeners–accredited IntelliCorp has appeared on the list, which is a prominent metric of service and quality in the background screening industry.

To qualify for the list, *HRO Today* magazine conducts an annual survey of buyer clients from participating background screening providers. Results are then determined based on a statistical analysis and predetermined algorithm across three categories: quality of service, breadth of service offerings, and size of deal. *HRO Today* magazine then recognizes the leading employment screening providers in the industry.

“This recognition is a reflection of our ongoing commitment to keeping our clients and their screening programs at the center of everything we do,” said Todd Carpenter, IntelliCorp president. “It’s our goal to serve our clients with excellence each and every day by providing the highest levels of service, value, and compliance assistance in navigating a complex legal landscape so they can make important hiring and recruiting decisions, whether they operate locally, nationally, or internationally.”

In addition to participating in *HRO Today* magazine's Baker's Dozen survey, IntelliCorp measures client satisfaction using the Net Promoter Score (NPS) and other customer feedback methods. Said Todd Carpenter, “Listening to our clients on a regular basis helps us to establish new benchmarks, raise the bar, and continue working to enhance the overall customer experience.”

About IntelliCorp
